1. Course

^{1,2)} Other reason for taking course:

^{1,4)} Level of Effort Explanation:

There was work that was at times tedious and/or difficult, but I did my best.

I wasn't as focused

I found the importance of the class, but the work was a bit redundant

wasn't too difficult

I tried my best.

I guess I could have participated in the discussions more.

This class wasn't the hardest BUT there were assignments that definitely made me think & get into depth

A few absences and at the beginning was not as involved as I was at the end.

Course was at the right speed and challenging enough

I missed a couple classes due to laziness

At times I could of tried harder, but I felt I was trying to balance school and work being and free time, and sometimes I would rush papers.

I did what I needed to to pass, and took interest in some of the topics enough to go in depth with them, however for the beginning of the class I didn't try to delve deeper in the text.

- I did not skip any classes.

- I felt prepared coming to classes.

I participated sometimes, mostly in small groups

Missed two classes, participated in class discussion, did the work.

1.6) Overall Rating Explanation:

I thought the course was okay, not my favorite, but it'll help me in the rest of college.

Pretty fun, learned a lot.

Really liked the course

not terrible but not good

I learned a lot about zombies and Haitian culture.

I mean it was required and ya.

had a great time ~~through~~ throughout the class and really enjoyed learning about zombies

Not the best class, but helpful.

fun class.

pushed me to work, but the work wasn't hard

I was good and showing standards of college, it ~~is~~ faster pace, higher expectations.

The purpose was good, but with my background it was ~~not~~ A step backwards and didn't help me.

-interesting course

Enjoyed talking about monsters, felt like the course wasn't necessary for college.

1.8) Likelihood Explanation:

I would not recommend this course, but it is required.

Because it helps you transition into college

If you feel you aren't ready for ~~college~~ college level classes then take this class

They don't really have any other choice

It's required sooo

Because your a great teacher

Only cuz it is ~~recommended~~ required

Required

Freshman students have to take it

at time it was a hassle and really ~~was~~ overwhelming, but a good "bootcamp to college" class

1.10) Skills/understanding Explanation:

My writing + reading skills improved.

became a better writer

Had lots of good skills that helped me learn
nots expected

Improved in writing a little.

My writings skill still aint that great BUT got
Better.

I feel I have developed better critical thinking

well taught

having a mentor to help on the work, helped me improve individually

I feel alot better about my analyzing skill, and forcing my self to think more outside the box

I understood what was trying to be taught, it just didn't apply

~~ANALYZING~~

2. Instructor

2.2) Instructor Rating Explanation:

I thought that prof. Swanson did an overall good job.

very fun and helpful

was a great teacher

super nice and helpful.

She was helpful.

great prof.

I feel some favoritism was in play in class

nice teacher

Swanson is really nice and took time to give us individual attention

At beginning of course seemed very nervous, and almost self-conscious (about side conversations) but got better as the class got to know each other.

Prof. Swanson is a great teacher and full of abstract ideas, she just is awkward at asking questions and explaining some ideas in depth

who was on time and ready to teach

Good instructor, course wasn't necessary.

²⁴⁾ Recommendation Explanation:

she is a good prof. and is always willing to help

The teacher really showed interest in student learning and work.

She is willing to help you a lot

easy to approach w/ questions

she was great

I would for sure recommend you.

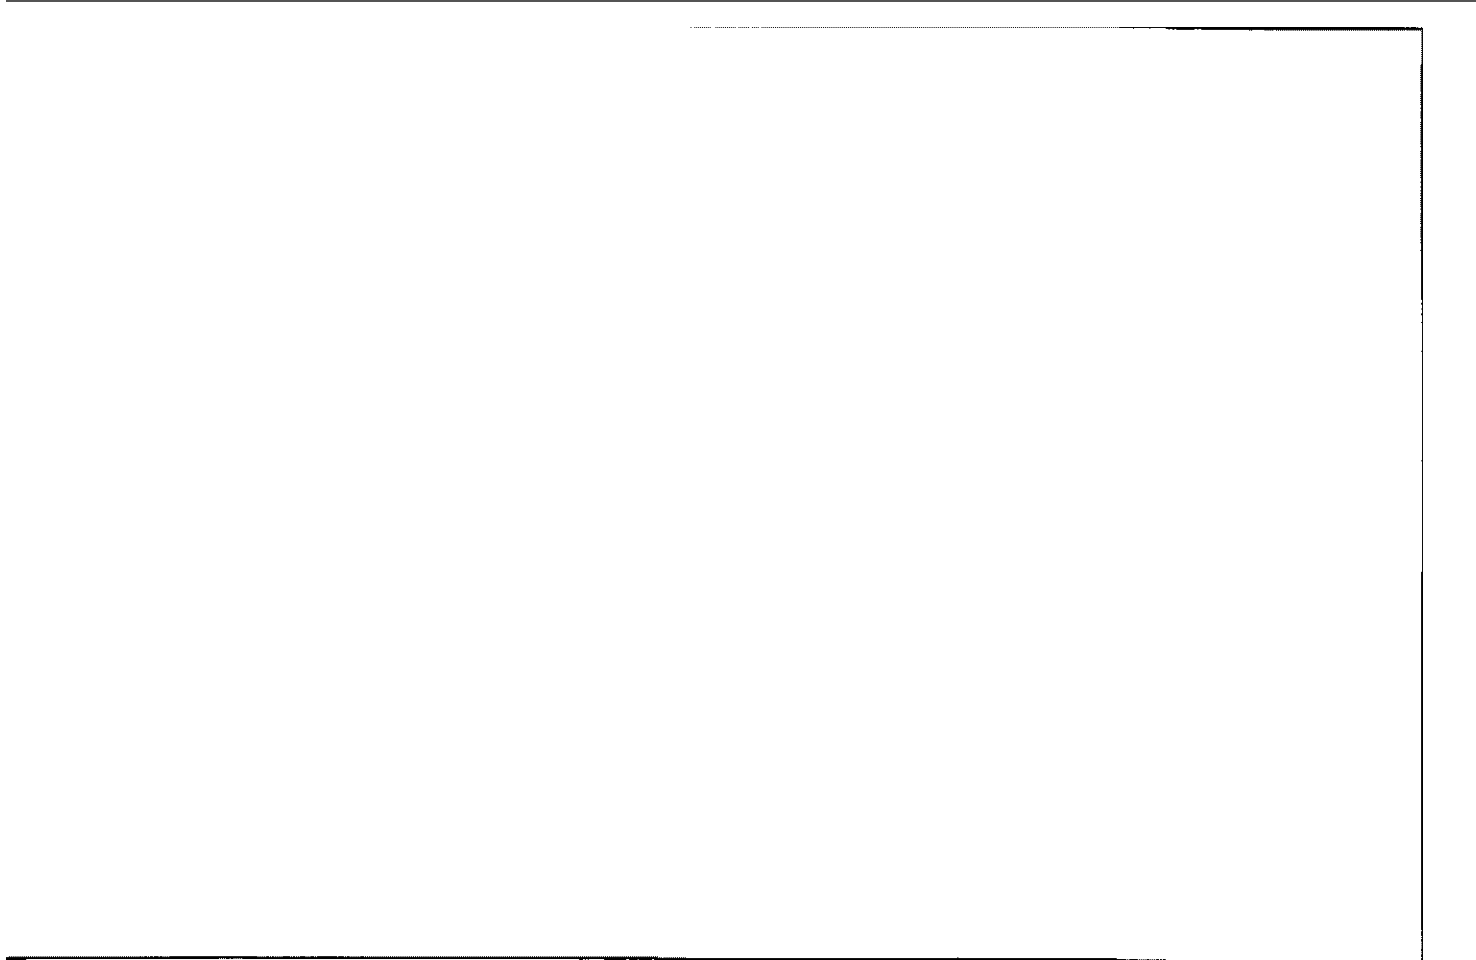

Good instructor try to build relationships with the students

Swanson was very nice and accepting and is very smart

He was awesome and very fun

^{2.5)} Please provide any additional comments that you want to make about the course and instructor.

Thank you Swanson!

I really liked the subject matter of the course and I think its a cool subject to teach freshmen specifically. I do feel as though the discussions / lectures fell short mostly due to poor prompting questions. Most of the time we felt we needed someone to interpret your questions for us. Obviously, this can easily be fixed and it didn't negatively impact my experience too much. Thank you so much for this first semester!

Best wishes.

-
- course was very interesting and fun.
 - The instructor was very helpful and put a lot of effort into the course
