2. **YOUR PARTICIPATION:** How would you assess your own effort in the course? How much effort did you expend as compared to your other classes?

This class had a lot of assignments, but I never felt like the work was extremely difficult so it was about a normal amount of effort.

I didn't like the reverse classroom for grammar but I did like having to write several drafts of essays. I think it helped improve my writing a lot.

Why did you make the recommendation above?

I think it helps improve your french abilities, but if you want to focus on improving your speaking, I don't feel as though it was as helpful with that. Overall though the class was fun and not too hard.
